

2/3/05

The Senate is adjourned until next Tuesday (2/8) at 6:00 PM for the State of the State address.

THIRD READING

SB 137 (Cropsey)

SB 137 would authorize the Department of State Police to continue the long-standing practice of forwarding the fingerprints of an applicant for a polygraph examiner license to the FBI for it to conduct a criminal history check. By providing this authorization, the bill would bring Michigan into conformity with a new Federal policy requiring states to have statutory authority to forward the fingerprints to the FBI. Without this amendment, it is possible that the FBI will discontinue performing criminal history checks on applicants for a polygraph examiner license.

- SB 137 was moved to 3rd Reading. No amendments.
